SENATE COMMITTEE ON HEALTH & LONG-TERM CARE

Staff: Rhoda Donkin (786-7465)

Background: In 2007 legislation increased annual licensure fees for health care professions by \$25. The money was directed to be transferred to the University of Washington (UW) to provide online access to the school's Health Sciences Library.

By January 1, 2009, licensed health care practitioners were to have access to selected vital clinical resources, medical journals, decision support tools, and evidence-based reviews of procedures, drugs, and devices. These practitioners included physicians, osteopathic physicians, physician assistants, naturopaths, podiatrists, chiropractors, psychologists, registered nurses, optometrists, mental health counselors, massage therapists, clinical social workers, and acupuncturists.

Summary of Bill: Each person who pays the \$25 surcharge for access to the UW Health Sciences Library must pay only one surcharge per year, regardless of how many professional licenses the person holds.

Appropriation: None.

Fiscal Note: Not requested.

Committee/Commission/Task Force Created: No.
